## Alphacandles: Lighting the way in quality candle-making

Alphacandles, known for their quality, long-lasting and great scented candles, has added to their popular Soy Candle

range with a new Palm Oil candle, formulated with oils sourced from sustainable palm plantations. Alphacandles specialise in unique, high quality candles made with authentic essential oils. The Soy Candles are not only sustainable, GE free, environmentally friendly and free of noxious chemicals, but also last 25-50 % longer than their paraffin cousins. The Palm Oil free-standing candles range from the traditional church candle to a 24 cm high hexagonal monolith. Etched with either a feather, crystal or smooth pattern, these candles will look fantastic in any setting. The Alphacandles ranges are available nationally.

## Zuii Organic Cosmetics

Thought that flowers were just destined for your vase? Think again! Zuii Organic boasts that they are the only 100% certified organic cosmetic range produced from flowers: organic rose petals, chamomile flowers and jasmine flowers. This refreshingly unique range includes flora lipstick, lip tint, blush, eyeshadow, foundation and mascara. We love the beautiful, vibrant range of colours available. Two big, green thumbs up for Zuii!
