## VELVET UNDERGROUND

**VELVET** by mell cosmetics is a **Silk Perfection Mousse Primer** worn on its own or under makeup. It re-textures skin giving it a luminous matte, soft focus finish. It will also smooth fine lines and any skin imperfections with its innovative line and pore filling technology. Silicone gel works to absorb oils whilst delivering a soft, lightweight and silky feel. Active ingredient white lily bulb flower extract gives emollient and antioxidant properties to keep the skin nourished and help reduce the appearance of pores.

### Ray of Light

**Cargo blu\_ray High Definition Mattifier** is an innovative product that refines pores, minimises lines and mattifies. It can be used in place of a traditional powder for a polished look or underneath makeup as a primer for a camera ready complexion; the ultimate in multi-use functionality. With virtually no colour payoff, it is suitable for all complexions. A silky smooth formulation avoids the cakey affect associated with most powders. It is designed to fight off damaging free radicals, repairs minor damage to the skin's surface, regulates the balance of the skin, leaving it smooth and supple, refine pores for a silky smooth appearance and diminish fine lines and wrinkles.
