MERMAID'S GARDEN PACK

So much more than a business or brand name, *Mermaid's Garden* offers an abundance of healing products and crystals provided by Spirit. The cornerstone of our range, our 9 mystical essential oil blends, have been lovingly created under auspicious lunar skies and energised with the healing vibrations of crystals and the stars. Each blend is available as a vibrational mist spray and as a relaxing, bath treat infused over 6 months and hand blended with Himalayan Salt Crystals.

Complimenting these blends are our vibrational and gemstone essences – such as *Journey of the Soul*, *Alchemy*, *Fire & Ice* and *Balance*. Each one is created in the same manner as our *Mystical Oil Blends*, with many carrying the message of *Animal Spirits*, *Devas* and *Guardians*.
